ONLINE ACCESS TO RESEARCH IN THE ENVIRONMENT

**OARE INFODIGEST** is an informational bulletin disseminated by OARE team to all institutions registered for the programme and members of the OARE communication network.

A periodical notice focused on a selected scientific subject, **OARE INFODIGEST** lists a sample of journals, authors and titles of articles recently published and made available in full text on the OARE portal.

The OARE portal provides users access to over 1,300 scientific journal titles owned and published by over 300 prestigious publishing houses, scholarly societies, and scientific associations. Together, these holdings represent 70% of the world's most influential and widely cited scientific publications in natural and environmental sciences.

The scientific subject highlighted this month is: **Economics (Environment, Natural Resources & Development)**. Other subjects may be browsed in the OARE portal. For more information, please visit our web site at: <http://www.oaresciences.org> or contact OARE team at: [oare@oaresciences.org](mailto:oare@oaresciences.org)

### **Other scientific subjects available in OARE portal:**

Biotechnology, Genetics & Genetically Modified Species  
Botany, Plant Biodiversity & Plant Sciences  
Climatology, Climate Change & Meteorology  
Ecology & Wildlife Conservation  
**Economics (Environment, Natural Resources & Development)**  
Education (General) and Library Science  
Energy Conservation & Renewable Energy  
Engineering & Related Technologies  
Environmental Chemistry  
Environmental Law, Policy & Planning  
Fish & Fisheries  
Forests & Forestry  
Geography, Population Studies & Migration  
Geology & Earth Sciences  
Microbiology, Biochemistry & Other Biosciences  
Disasters (Prediction, Prevention)  
Oceanography & Marine Biology  
Pollution & Environmental Toxicology  
Remote Sensing & Satellite Technologies  
Science (General Soil Sciences & Desertification)  
Statistics, Computers & Modeling (Environmental)
